

# TOUR OF HONOR IS NOW ON SpotWalla

Many of us ToH riders have been using Spotwalla for years. It's a wonderful way to track and share our rides with friends and family. Now all of us can join the ToH ride page. But there is a catch. An all new and improved Spotwalla web site has been created for everyone to use. Don't panic, once you create your new account on the new site you will be able to import all of your devices, data, trips etc.

The old Spotwalla we are all familiar with is going away. But don't worry because you will feel right at home using the new site. The only way to join the ToH ride page will be to create your new account.

Once your new account is created, joining the Tour of Honor ride page will be a piece of cake. While you are logged in, click on the location pages icon. There you will find 2021 Tour of Honor. On the right side select "Join this page". A new page will open. You will need to enter a password to join. That password is **memorial** all lower case letters. Please enter your flag number as your location ID. Example: 326. Finally, click Join at the bottom left side of the page.

Here is the link for the new site <https://new.spotwalla.com>

**As an added bonus. On April 1<sup>st</sup> 2021 this year's Memorials will be superimposed on the ToH Spotwalla location map.**

For those of you who have never used Spotwalla, it's easy and it's FREE! If you don't have a satellite based tracking device, you can turn your phone into one. All you need to do is download a free app on your phone. Android users search for 'Bubbler'. I-Phone users search for "SWTracker" Then go to <https://new.spotwalla.com> and create a free account. I highly recommend that you use the same email address that you use as your primary email on your phone. It helps them communicate with one another. **There are instructions on the Spotwalla home page.**
